KET Explore Kentucky. Explore the World.

KET is all about choice, convenience, and quality. Scale City, electronic field trips, and the Arts Toolkits are just a few of the rich instructional resources KET offers to help you and your students explore the world. Whether you're looking for video clips to incorporate into lessons, extended instructional programs, professional development, distance learning classes, or dynamic, fun web sites, you can trust KET to offer accessible, standards-based resources that meet your professional needs.
